

GREAT NEWS FOR HEARTWELL PATIENTS!

HEARTWELL LLP ACCEPTED INTO AVMED HIGH PERFORMANCE NETWORK

HeartWell LLP and our valued physicians are pleased to announce that the cardiology practice has been accepted into the AvMed 2017 High Performance Network (HPN) based on our quality outcomes and cost efficient care, something we focus on every day. We are the only cardiologists in the HPN that take hospital call at Baptist Hospital.

AvMed Medicare patients who use an HPN specialist provider will have a \$5.00 co-payment instead of \$40.00, and they will be receiving excellent care from our integrated team of cardiologists, vascular specialists, lipidologists and electrophysiologists. Don't hesitate to call 305-200-0399 Ext 201 if you need more information.
